Built for the most demanding environments, millions of Impact's Platinum Series earpieces are already in use by some of the toughest users out there.

Applicable for these industries:

Construction

Healthcare

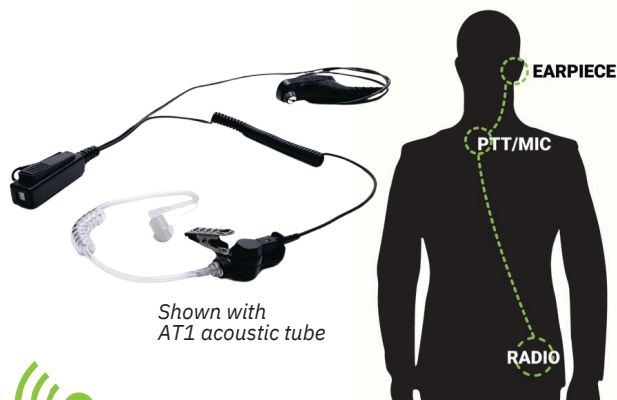

Industrial  
& Manufacturing

Public Safety

Transportation

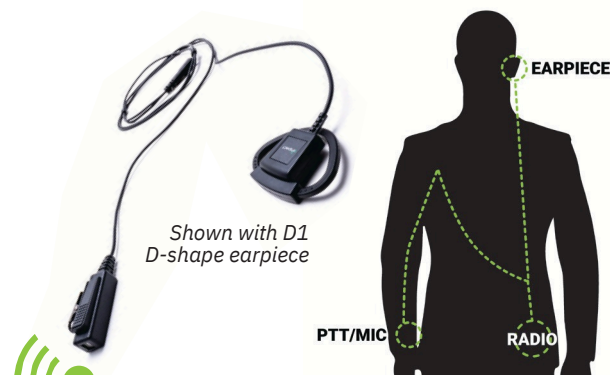

## P1W

Our 1-Wire earpiece is suited for those that only need to wear the PTT/microphone on their shirt collar or lapel; ideal for warm weather locations or users wearing short sleeves.

- Full-size Push-to-Talk (PTT) switch operable with gloves
- Kevlar™ reinforced cables for superior strength
- High-grade brass transducers (speakers) for crystal clear audio
- Coiled top cable for added flexibility and movement
- OEM compatible replacement parts at incredible prices

Available with 3 different, field repairable earpiece styles

## P2W

Our professional grade 2-Wire earpiece is the top seller within the series. 2-Wires are for users that want the option of holding the PTT/microphone in their hand or worn on their shirt collar.

- Full-size Push-to-Talk (PTT) switch operable with gloves
- Kevlar™ reinforced cables for superior strength
- High-grade brass transducers (speakers) for crystal clear audio
- Over-molded strain reliefs for maximum flexibility and durability
- OEM compatible replacement parts at incredible prices

Available with 3 different, field repairable earpiece styles

## P3W

Designed for ultimate stealth. The P3W features a multi-directional micro MEMS surface mount Knowles™ microphone inside an incredibly small casing for true covert communications. The included dual clothing clips allow for multiple securing options.

- Silent barrel Push-to-Talk (PTT) with clip for covert applications
- Kevlar™ reinforced cables for superior strength
- High-grade brass transducers (speakers) for crystal clear audio
- Over-molded strain reliefs for maximum flexibility and durability

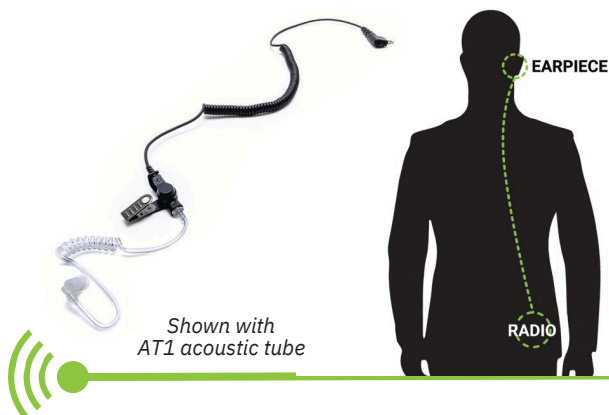

Available with 3 different, field repairable earpiece styles

## PLO

The 1-Wire listen-only plugs directly into the radio for discreet receive-only communication and is ideal for those who supervise or oversee radio communications. There is no transmit function (Tx), only Receive Audio (Rx).

- Coiled cable for added flexibility and movement
- Rx audio only, no Push-To-Talk or microphone
- Adjustable, inline clothing clip for easy cable management
- Rugged anchored Kevlar™ reinforced cables for superior strength and durability

## PRSMA

The PRSMA is a listen only audio accessory cable designed to be used in conjunction with speaker microphones and ensures radio transmissions are kept quiet and unobtrusive.

- Rugged anchored Kevlar™ reinforced cables
- Two coiled wire lengths: Regular 18" and Short 9"
- L-shaped jack (2.5mm or 3.5mm) or Straight jack (3.5mm)
- Compatible with Impact and other brands of speaker mics
- High-Grade Transducer
- Available in AT1, AT7, AT4, D1, EH4 earpiece options
