Recreational

Retail

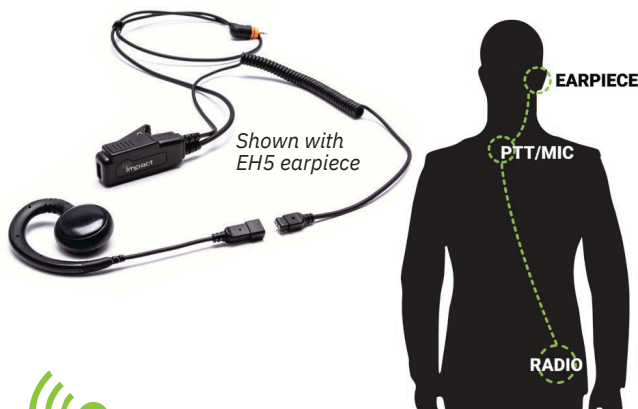

Select Your Wire

G1W

Best suited for those that only need to wear the Push-To-Talk (PTT) and microphone on their shirt collar or lapel; ideal for warm weather locations or users wearing short sleeves.

- Top-selling cable configuration
- Hard-wired earpiece versions in the series are available
- Coiled top wire section for added flexibility
- Rugged anchored Kevlar™ reinforced cables for superior strength and durability
- Mesh screen covered mic

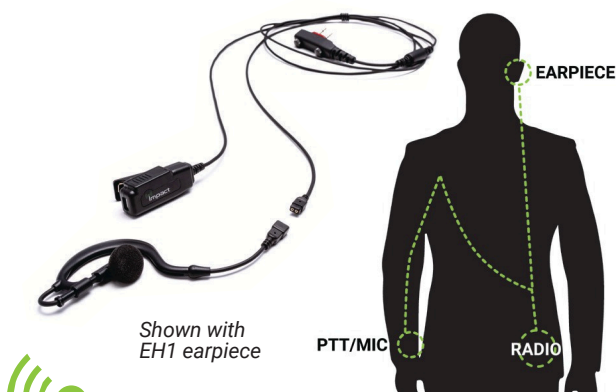

G2W

The G2W 2-Wire offers users the option of holding the Push-To-Talk (PTT) and microphone in their hand or worn on their shirt collar. The 2-Wire is more covert and less obtrusive than the 1-Wire.

- Straight cables for easy cable concealment under clothing
- Hard-wired earpiece versions in the series are available
- Medium-sized Push-To-Talk (PTT)
- Rugged anchored Kevlar™ reinforced cables for superior strength and durability
- Mesh screen covered mic

GLO

The 1-Wire listen-only plugs directly into the radio for discreet receive-only communication and is ideal for those who supervise or oversee radio communications

- Coiled cable for added flexibility and movement
- Rx audio only, no Push-To-Talk or microphone
- Adjustable, inline clothing clip for easy cable management
- Rugged anchored Kevlar™ reinforced cables for superior strength and durability

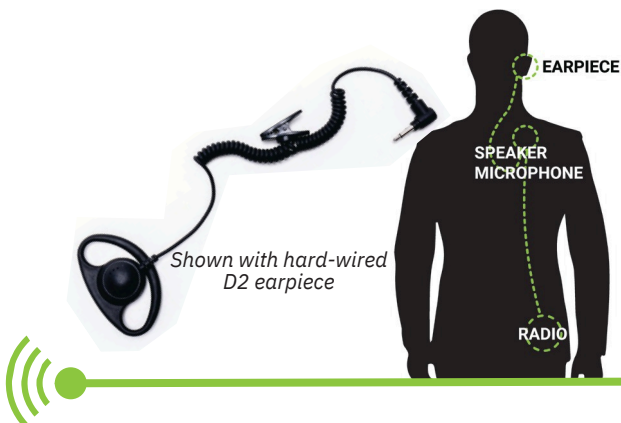

GRSMA

The GRSMA is a listen only audio accessory cable designed to be used in conjunction with speaker microphones and ensures radio transmissions are kept quiet and unobtrusive.

- Rugged anchored Kevlar™ reinforced cables
- Two coiled wire lengths: Regular 18" and Short 9"
- L-shaped jack (2.5mm or 3.5mm) or Straight jack (3.5mm)
- Compatible with Impact and other brands of speaker microphones

Select Your Earpiece Option

Unique Snaptight™ feature allows the user to select from 12 different, and fully interchangeable earpiece options creating the most cost effective, versatile and hygienic solution on the market. Our replacement Earbuds and Foam Pads available in bulk when requested.
